Welcoming, safeguarding and taking care of others is at the very heart of what we do and who we are at Accor and Sofitel Sydney Darling Harbour. We want to take a moment to reassure you that Accor has been prioritising the safety and wellbeing of our guests and team members every day for more than 50 years.

High standards of hygiene and cleanliness are already delivered across all our brands locally and globally. However, due to the Covid-19 pandemic and with a focus on guest care as hotels re-open, we have elevated these even further by launching our own global cleanliness and operational standards, the ALLSAFE Label, which represents some of hospitality's most stringent cleaning standards.
